RE: **ADDENDUM NO. 3**
 CITY OF RED BAY
 WEST FRANKLIN INDUSTRIAL PARK
 SEWER EXTENSION PROJECT – PHASE II
 CDBG PROJECT NO. LR-ED-PF-20-008
 CONTRACT NO. RB20 073A

ADDENDUM NO. 3

The changes, modifications and/or additions covered by and set forth in this Addendum No. 3 shall become part of and be incorporated in the Specifications, Contract Documents and Bid Documents for the above referenced project.

CLARIFICATION (Questions and Answers)

1. Will the sewer service material need to be PVC like the sewer main?
A. *The sewer service material can be made up of PVC*

2. Will I need to include cleanout material for the sewer service, or will the contractor just connect to the existing service line prior to the cleanout?
A. *The contractor shall include the service T that is located on the main line, for each service material and clean out that will be installed at the property line and any miscellaneous items required to make the connection.*

3. Will domestic material be required?
A. *Domestic material is not required.*

4. I could not find a spec for the steel casing. Will any kind of coatings be required? I see in the bid schedule that .250 wall thickness is required.
A. *There is no special coating required on the casing pipe. End caps and insulators will be required.*

This Addendum No. 3 shall be made a part of your set of Construction Contract Documents and Specifications. Acknowledgment of receipt of Addendum No. 3 shall be noted on Page 7 of the Bid for Unit Price Contract Form.
